

# PRIVATE, **VFC**, and **CHIP** Vaccine Guidance

**NOTES:** Blended inventory does not mean can use **VFC** for **CHIP** or private. Must use **CHIP** funded vaccine for **CHIP** and **VFC** for **VFC**. Borrowing only allowed on RARE Emergency basis. Must account for vaccine shipments and doses administered by vaccine funding source (eligibility of child) and use correct funded vaccine.

Thank you **Thomas CHD** for sharing their guidance document which was used to develop this flow-chart.
